The Department of Education and Early Childhood Development (EECD) is seeking input from Nova Scotians on how local voice can be enhanced in Nova Scotia's education system.

In other words, we are exploring ways to improve opportunities for school community members to provide feedback and input that supports student learning and well-being by informing education policy and decision making.

**The survey will be open until Friday, December 23, 2022.**

We appreciate you taking the time to complete this survey. The information collected will be used to enhance opportunities for local voice and improve the school system for students.
